INDEPENDENT AUDITOR'S REPORT ON BASIC FINANCIAL STATEMENTS

To the Board of Directors of
Kuehl Capital Corporation
Omaha, Nebraska

We audited the accompanying balance sheet of Kuehl Capital Corporation as of December 31, 2007, and the related statements of operations and comprehensive income, changes in stockholders' equity, cash flows, and changes in liabilities subordinated to claims of general creditors, for the year then ended. The financial statements are the responsibility of Company management. Our responsibility is to express an opinion on the statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the U.S.A. Those standards require that we plan and perform audits to obtain reasonable assurance about whether financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Kuehl Capital Corporation as of December 31, 2007, and the results of its operations and cash flows for the year then ended in conformity with accounting principles generally accepted in the U.S.A.

KUEHL CAPITAL CORPORATION

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2007

1. Organization and Business

Kuehl Capital Corporation (a Nebraska corporation) is a registered broker-dealer providing services related to the placement of Sanitary and Improvement District (SID) warrants and bonds in the greater Omaha, Nebraska area. Revenues fluctuate with construction activity in the districts, which is generally controlled by housing and commercial developers.

2. Significant Accounting and Reporting Policies

A. Basis of Accounting

Management uses estimates and assumptions in preparing financial statements in accordance with accounting principles generally accepted in the U.S.A. Such estimates and assumptions affect the reported amounts of assets, liabilities, revenues and expenses and related disclosures. Because of the inherent uncertainties in this process, it is likely that actual results will vary from the estimates used but differences are not expected to be material to the financial statements taken as a whole.

B. Cash and Cash Equivalents

The Company considers all highly liquid debt instruments with an original maturity at acquisition of three months or less to be cash equivalents.

C. Warrants Held

The Company is compensated with warrants, which are easily converted to cash. Related revenues are recognized when earned.

D. Income Taxes

The company is a pass-through entity for income tax reporting. Accordingly, the owner is required to report Company income and deductions for income tax purposes and no provision for income taxes is included in these financial statements. The Company makes substantial distributions of income to the owner.

3. Net Capital Requirements

The Company is subject to the Uniform Net Capital Rule (Rule 15c3-1) of the Securities Exchange Act of 1934, which requires net capital of at least \$100,000. Net capital, as defined by the Rule was \$666,944 at December 31, 2007.

KUEHL CAPITAL CORPORATION

NOTES TO FINANCIAL STATEMENTS - CONTINUED

DECEMBER 31, 2006

4. Employee Benefit Plans

The Company sponsors a profit-sharing plan for all eligible employees. Employees are eligible to participate in the plan if they are over twenty-one years of age and employed by the Company for at least one year. Contributions to the profit sharing plan are discretionary and were \$225,500 in 2007.

5. Commitment

Facilities occupied by the Company are leased under an agreement that expires in November 2012 and calls for a base rent plus charges for common area maintenance and taxes. Rental cost during 2007 was \$80,700. Future minimum lease commitments under this arrangement follow:

Year	
2008	\$ 54,800
2009	60,700
2010	60,700
2011	60,800
2012	57,400
	<u>\$ 294,400</u>

INDEPENDENT AUDITOR'S REPORT
ON ADDITIONAL INFORMATION

To the Board of Directors of
Kuehl Capital Corporation
Omaha, Nebraska

We audited the accompanying basic financial statements of Kuehl Capital Corporation as of and for the year ended December 31, 2007, and issued our report thereon dated February 27, 2008. Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The accompanying schedule of computation of aggregate indebtedness and net capital in accordance with Rule 15c3-1 under the Securities Exchange Act of 1934, and the reconciliation of net capital and aggregate indebtedness to Client's FOCUS Report are presented for purposes of additional analysis and are not a required part of the basic financial statements, but is supplementary information required by Rule 17a-5 under the Securities Exchange Act of 1934. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to those statements taken as a whole.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL

Board of Directors and Stockholders
Kuehl Capital Corporation
Omaha, Nebraska

In planning and performing our audit of the financial statements and additional information of Kuehl Capital Corporation for the year ended December 31, 2007, we considered its internal control, including control activities for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on internal control.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company, including tests of such practices and procedures that we considered relevant to the objective stated in Rule 17a-5(g) in making periodic computations of aggregate indebtedness and net capital under Rule 17a-3(a)(11) and for determining the compliance with the exemption provisions of Rule 15c3-3. The Company does not hold securities for customers or perform custodial functions relating to customer securities; accordingly, we did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications, and comparisons
2. Recordation of differences required by Rule 17a-13
3. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulations of the Board of Governors of the Federal Reserve System

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the above-mentioned SEC objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against losses from unauthorized acquisition, use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control or the practices and procedures referred to above, illegal acts, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

Our considerations of internal control would not necessarily disclose all deficiencies in internal control that might be significant deficiencies or material weaknesses under standards established by the American Institute of Certified Public Accountants. However, as discussed below, we identified one deficiency in internal control over financial reporting that we consider to be a significant deficiency.

A control deficiency exists when the design or operation of a control does not allow management, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the Company's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the Company's financial statements that is more than inconsequential will not be prevented or detected by the Company's internal control. A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by internal control. We consider the deficiency described in the accompanying schedule of findings and responses to be a significant deficiency in internal control over financial reporting.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at December 31, 2007, to meet SEC objectives.

This report is intended solely for the use of the Board of Directors, management, the SEC, and other regulatory agencies that rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and should not be used for any other purposes.

Omaha, Nebraska
February 27, 2008

KUEHL CAPITAL CORPORATION

SCHEDULE OF FINDINGS AND RESPONSES

YEAR ENDED DECEMBER 31, 2007

SIGNIFICANT DEFICIENCY

Financial Reporting

Condition: As in prior years, Company management does not have the ability to prepare financial statements in accordance with generally accepted accounting principles (GAAP) as contemplated by Statement of Auditing Standards 112 "Communicating Internal Control Related Matters Identified in an Audit".

Criteria: Internal controls should be in operation that provide reasonable assurance of the Company's ability to report financial data reliably in accordance with GAAP.

Effect: The Company cannot on its own, comply with regulatory requirements to prepare annual financial statements in accordance with GAAP.

Response: Management has determined it is not cost-beneficial to create a system of internal control that would allow the Company to prepare its own financial statements. Accordingly, the Company engaged the audit firm to assist in the preparation of the statements.

END
